Probable Trial at an Early Date of the Statehaven Divorce Case at Galesburg.

Why the Sensational Charges Against Judge Craig May Not Be Pressed.

Some Developments and the Present Relations of the Parties Set Forth in Detail.

GALESBURG, Ill., March 7.—[Special.]—Knox County's sensational divorce case of Statehaven vs. Statehaven is at the tail of the docket, and there is no probability that it will ever head it, as it is believed that before Friday or Saturday the regular order of court business, Lately many suppose, have been about all in the case, and all documents have been evidentially used. But proceedings will be entirely out of the prominent features in the trifling out of the prominent attorneys which has given public an unpleasant notoriety to Justice Alfred Kelly of the District Supreme Court. Thursday afternoon the plaintiff, Mrs. Statehaven, by her solicitor, Mr. Hoagland, of Burlington, Ia., will submit a form of decree agreeable to her, and which, it is thought, will be signed by Judge Craig. This decree will provide that he must pay alimony each quarter of a year, and that he must pay the costs of the suit. Mr. Hoagland, Mrs. Statehaven's solicitor, is a member of the same law firm as Judge Craig, and it is said that Judge Craig does not desire to sit in any way which will be seen. There is an element which tends to have the controversy practically to a close in which all the alleged facts will be brought to view. The people of this county are just now in a gass for fear they may be deprived of their Saturday's excitement.

MRS. STATEHAVEN'S STORY.

According to the story told by Mrs. Statehaven on the 10th her Clerk of the Knox County Circuit Court it was in October, 1882, that Miss Statehaven became smitten with the charms of Judge Craig. Statehaven was the owner of a 80-acre farm a few miles west of Galesburg. Craig had been adjusting their affairs on the block, and frequent visits to the property and into a business visits to the Statehaven family with whom the friendship dated back a quarter of a century. When the alleged advances of Statehaven might be the act of flattering attentions to getting a divorce from his wife. Judge Craig, however, denies that he ever made any advances to Mrs. Statehaven, but on the contrary, he says, he has been the victim of unpardonable persecution by Mrs. Statehaven, who has been in the habit of calling at his office and at his residence almost every day for the past year.

MRS. STATEHAVEN'S STORY.

Mrs. Statehaven's story is that Judge Craig has been paying her marked attentions for the past year, and that he has been in the habit of calling at her residence almost every day for the past year. She says that he has been in the habit of calling at her residence almost every day for the past year. She says that he has been in the habit of calling at her residence almost every day for the past year. She says

CHICAGO, for weather, promised by light show, for this region today.

GEN. SHERMAN took the oath as Professor of Tragedies on Saturday.

THE Pearl Government has decided to adopt an emperor into democratic form.

ABOUT $600,000 worth of property was destroyed by fire yesterday in the business portion of Utica, N. Y.

CHANCELLOR BENSON, of the Diocese of Vincennes (Indianapolis), has been created a Monsignor by the Pope.

THE Italian has refused permission for the establishment of a French college at Beyrout on the ground that public instruction would interfere with the rights of the Government.

THE Rev. F. Goodwin and the Rev. Stephen Keith, of the Archdiocese of Milwaukee, have been raised to the dignity of Monsignor by the Pope on the recommendation of Archbishop Heiss.

SENATOR BLAIR has written a letter declaring the Garfield Republicans for his views and against conduct, sympathy of an English gentleman, in having him (Sandbags) excluded from the House of Commons.

THE Egyptian Equation, the principal journal of Cairo, has been suppressed for its timely criticising English methods in Egypt. The editor has appealed to Bartere, the French Consul at Cairo, for protection.

EX-PRESIDENT HAYES'S vaccination for the Presidency, it is thought, would be objectionable to the Roman Catholic Democratic leaders but with half a dozen bullets in the head of the marriage with Mr. Hayes.

THE Henderson divorce case will come on for trial in the Circuit Court at Galesburg the latter part of this week. This is the case with which the name of Justice Gray, of the Illinois Supreme Court, has been unpleasantly associated. The history of the scandal will be found in another column.

COMMISSIONER FAIRCHILD, of Chicago, has officially informed the Civil-Service Commission that the effort of the Civil-Service act or let or the Chicago Postoffice is concerned has been beneficial. Those who have received appointment after passing examination are fully up to the average of efficiency.

CALVIN HAS an appointment at Cairo for the safety of the Union. Black will be good at the corner of negotiations with the Chief of the Druggists on the White Star. If he should prove infamous, it is feared that Grant will be a general thing of all the terrible tribes of Darkey and Evolution, followed by an attack on Florence.

AN Irish Catholic named Casey, who by the aid of the courts lost the suit recently decided in the Catholic burial-ground of Lafayette, Ind., was excommunicated by order of Bishop Dwenger, of that Western possession. Young Casey, it is claimed, shot himself accidentally. The church, evidently, considers that it was a case of suicide.

THE Rev. Dr. Thomas is the author of recently took strong grounds against the Parnell view of Ireland. The Sabbath, he said, instead of being a day of recreation, devotion, repentance, and grace, should be the embrace day of rest, of gladness, and of joy. The day should be equivalent to the old and terrible religious sabbaths.

GOVERNOR BUTLER'S nomination for the Presidency, it is thought, would be objectionable to the Roman Catholic Democrats because his wife had a divorced husband living at the time of his marriage with Mrs. Butler.

THE Henderson divorce case will come on for trial in the Circuit Court at Galesburg the latter part of this week. This is the case with which the name of Justice Gray, of the Illinois Supreme Court, has been unpleasantly associated. The history of the scandal will be found in another column.

Concerning Over the Proprietorship of the California Fast-Freight Line Tradmark.

Notice to the Press of Notice of Trademark—Public Information—The Business Deals Enjoin Him.

The Dispute Regarding the Proprietorship of the "California Fast-Freight Line" Trademark.

Mr. E. P. Ripley, General Freight Agent of the Santa Fe, has issued the following notice to the various factors, ready in regard to the registration of the trademark of "California Fast-Freight Line" by the Western Trunk-Line Association:

Gentlemen: Mr. E. P. Ripley, Commissioner of the Western Trunk-Line Association, has called my attention to the fact that the Chicago, Santa Fe & California Railway Company, on the 1st day of January, 1886, registered in the Patent Office at Washington, D. C., the trade-mark "California Fast-Freight Line," and that the Chicago, Santa Fe & California Railway Company has given notice to the Western Trunk-Line Association that it claims the exclusive right to the use of said trade-mark, and that it will prosecute any person or corporation who may use the same without the consent of the Chicago, Santa Fe & California Railway Company. I am informed that the Western Trunk-Line Association has declined to recognize the claim of the Chicago, Santa Fe & California Railway Company to the exclusive use of said trade-mark, and that it has given notice to the Chicago, Santa Fe & California Railway Company that it will not enforce the rules of the Association against any person or corporation using said trade-mark. Under the circumstances, I am compelled to withdraw the notice heretofore given you, and to inform you that the Atchison, Topeka & Santa Fe Railroad Company will not enforce the rules of the Association against any person using the trade-mark "California Fast-Freight Line."

Yours truly, E. P. RIPLEY, General Freight Agent.

Condition of General Passenger Matters.

MILWAUKEE, Wis., March 7.—It is reported that General Passenger A. G. Smith, of the Chicago, Milwaukee & St. Paul Railroad, has had a stroke of paralysis and will leave in a few days for Florida. Information received from private sources is to the effect that he may never be able to take an active part in business affairs again. He has been connected with the road since the time of the construction of the first section of the line, and has been actively engaged in the passenger business of the road ever since. He is a brother of John M. Smith, General Passenger Agent of the Chicago & Northwestern Railway, and of Frank A. Smith, Assistant General Passenger Agent of the Chicago, Rock Island & Pacific Railway, both of Chicago, and a brother-in-law of C. H. Prior, General Passenger Agent of the Chicago, Burlington & Quincy Railroad, Chicago.

The engagement of the Red Line, which has been successfully managed by General Agent Gilbert, has terminated, and General Agent Gilbert has returned to Chicago. Notice to the Press of Railway Matters.

CINCINNATI, O., March 7.—[Special.]—The railroads centering in Cincinnati have been doing a large business since the flood. The Kentucky lines have particularly been benefited. The Cincinnati, Indianapolis, St. Louis & Chicago Road has brought in 1,000 loaded cars during the week ending tonight. The Louisville & Nashville is bringing in nearly as many, and is getting rid of a lot to the South. Other roads also report an unusually busy business. Under such conditions it is a little singular that the month of June—heretofore made short by holidays—should have been selected by the Cincinnati, New Orleans & Texas Pacific, which was granted a week ago to 70, one cent per mile. It is said that the reduction was made at the instance of the Louisville & Nashville, which has been opposing the proposed reduction. Owing to lack of terminal facilities and passenger accommodations in the country, the Cincinnati lines have been compelled to refuse many thousands of tons of freight during the past week. Many merchants have been unable to receive their goods during the past week, and have been compelled to wait until the flood subsides. The Northern Pacific Express Wreck.

ST. PAUL, Minn., March 7.—In an interview this evening Theodor Gough, of the Northern Pacific, explained the legal status of the wreck between the Pullman Palace Car Company and the Northern Pacific Express Company. The Pullman Palace Car Company is not under a temporary or joint ownership. The Northern Pacific claims that such ties are a double burden which can be corrected only by the courts. The express company has been paying the Pullman Company for the use of the cars, and has been in the habit of making claims against the Northern Pacific for damages to express matter. MILWAUKEE.

Many Being Taken to Decide the Question of Female Creditor's Sanity.

A Social Success of the Political Star—Candidates for Various Offices.

AN OLD CASE REVIVED.

MILWAUKEE, Wis., March 1.—[Special.]—Judge Jenkins of the Circuit Court yesterday appointed a commission to inquire into the sanity of Mrs. Mary Ann Ellis, who is confined in the Insane Asylum at Wauwatosa. Mrs. Ellis was committed to the asylum in 1888, and has been there ever since. She is a woman of considerable property, and her relatives have been trying for years to get her declared sane, so that she can have control of her property. Her husband died a few years ago, and left her a large estate. Her relatives claim that she is perfectly sane, and that she was committed to the asylum by designing persons. Mrs. Ellis herself has been writing letters to the Governor and other prominent men, asking that she be released. The commission appointed by Judge Jenkins consists of Dr. Frederick Wilkinson, Dr. Edward Cowie, and Dr. Charles Dodge. They will examine Mrs. Ellis and report to the court.

SOCIAL SUCCESS.

The reception given last night by Mrs. Governor Upham at the Executive Mansion was a very successful affair. Over 1,000 persons were present, and the parlors were filled with a brilliant throng. Governor Upham and his wife received their guests in the parlor, and were assisted by Mrs. Upham's mother, Mrs. Hall, and Mrs. Upham's sister, Miss Hall. Refreshments were served in the dining room, which was prettily decorated with flowers. The Governor's mansion has been the scene of many brilliant social events since the Governor and his family took possession of it, but last night's reception was the most successful of all.

CANDIDATES FOR OFFICE.

The political pot is beginning to boil, and the candidates for various offices are beginning to show their hands. Ex-Mayor Peck has announced himself as a candidate for Governor, and Secretary of State Houghton has announced himself as a candidate for Lieutenant Governor. Both of these gentlemen are Democrats. Ex-Mayor Peck has been a prominent candidate for Governor for several years, and has been defeated by a small majority on each occasion. He has a strong following in the State, and will make a strong campaign. Secretary Houghton is the first candidate for Lieutenant Governor to announce himself. He has been Secretary of State for two terms, and has a strong following in the State. He will make a strong campaign.

It is said that strong inducements are being held out to Governor Upham to run for Congress in the Fifth district, but the Governor has declared himself as not a candidate for any office, and will not be induced to change his mind. He will be a candidate for renomination for Governor, and will make a strong campaign.

Ex-Mayor Peck is also strongly urged to run for Congress in the Fifth district, but he has declared himself as not a candidate for any office, and will not be induced to change his mind. He will be a candidate for renomination for Governor, and will make a strong campaign.

What Others Have Put in the Spillman Bonanza — $10,000,000 Under Four Years.

[Chronicle-Tribune Special Service.]

NEW YORK, March 1.—Editor of the Tribune: In the case of Spillman vs. the Tribune, now pending in the Supreme Court of this city, the defendant has been charged with publishing the statement that the plaintiff was a "Southern pattern." The plaintiff has denied that he was a "Southern pattern," and has brought suit for $10,000 damages. The case is now on trial before a jury, and the defendant has been called upon to prove the truth of the charge. The defendant has been unable to do so, and the case is now in the hands of the jury.

The plaintiff has been a prominent figure in the political affairs of this city for many years, and has been a leader of the Democratic party in this city. He has been a member of the Board of Aldermen, and has been a member of the Board of Supervisors. He has been a member of the Board of Aldermen, and has been a member of the Board of Supervisors.
